PROJECTS

[28/05/2026 – Current]

MyImkon MyImkon is an innovative AI-powered hiring platform designed to assess candidates' real knowledge, skills, and potential. Beyond CVs and certificates, the platform analyzes candidates' actual capabilities through practical assignments, assessments, and AI-powered interviews. MyImkon helps companies identify the most suitable talent quickly and accurately, reduce recruitment costs, and minimize the risk of poor hiring decisions. At the same time, it provides young professionals and students with a fair opportunity to demonstrate their knowledge, skills, and potential. The platform operates on a B2B SaaS model and is designed to digitalize and optimize HR and recruitment processes.
